Welcome to ECRAF Congress 2013 in Sarajevo!

Welcome to ECRAF Congress 2013 in Sarajevo!

This year the ECRAF annual Congress will be hosted by the Ministry of Defence and the Armed Forces of Bosnia and Herzegovina in the historical and famous city of Sarajevo, the capitol of Bosnia and Herzegovina.

Ministry of Defence Bosnia and Herzegovina has kindly invited the ECRAF family to their country for one of the most important events for the organization – the ECRAF Annual Congress. I would like to express my sincere thanks to our host, and on behalf of the ECRAF family I am grateful for giving us the opportunity to have a small taste of the Bosnia and Herzegovina way of life.

The main topic for this year's Congress is "Civil-Military Cooperation in Road Safety". All nations have experiences in Civil-Military Cooperation. The question is how we identify those experiences, and how we implement and learn from the same experiences? This crucial question will be dealt with both in a practical and more theoretical way during the Congress.

This year's Congress will also be special. We will have a new President, and we will elect two new members to the Executive Committee. Their responsibility, together with rest of the EC will be to lead ECRAF into the future. This is a challenging task. However, I am sure with all the good human resources we have in ECRAF, we can look into the future with optimistic eyes.

It is our hope and our believe that this year's Congress will give all participants time to discuss, share experience, and to extend their professional and personal network. And most important, we do hope you will find the Congress to be the meeting place we all want it to be. Sharing experience and having the opportunity to discuss important questions among friends to the benefit of better Road Safety in our national Armed Forces, is what the annual congress is all about.

Welcome to the Congress 2013 in Sarajevo!

Oddvar Haagenen
Colonel (R) NOR F
President ECRAF

Tuesday, 10th September 2013
